Circular Letter No.5059
31 July 2025

To: All IMO Member States and Associate Members
United Nations and specialized agencies
Intergovernmental organizations
Non-governmental organizations in consultative status with IMO
Liberation movements

Subject: **Live-Launch of IMO Technical Cooperation Portal (TC Portal)**

1 The Secretary-General is pleased to announce the "go-live" of the new IMO Technical Cooperation Portal (TC Portal) from 31 July 2025, as part of the Technical Cooperation and Implementation Division's ongoing efforts towards data transparency and information sharing across IMO's technical cooperation work, as well as the harmonization, streamlining and increased visibility of TC request submissions.

2 The "pre-launch" of the TC Portal took place during TC 75, in the form of a presentation and live demonstration in plenary, following which, Member States were invited to explore the beta version of the TC Portal and associated tools, and provide any suggestions for improvement.

3 During this trial period, valuable feedback and comments both from Member States and IMO Secretariat were collated, reviewed and integrated, to further enhance the portal and its two new tools:

- .1 **Technical Cooperation Dashboard (TC Dashboard)**, IMO's dynamic gateway to the very latest information on its technical cooperation activities across the globe, and;
- .2 **Technical Cooperation Request Management System (TCRMS)**, a platform enabling Member States to submit requests for needs-driven capacity-development activities via an intuitive digital form and view all TCRMS submissions from their respective authority.

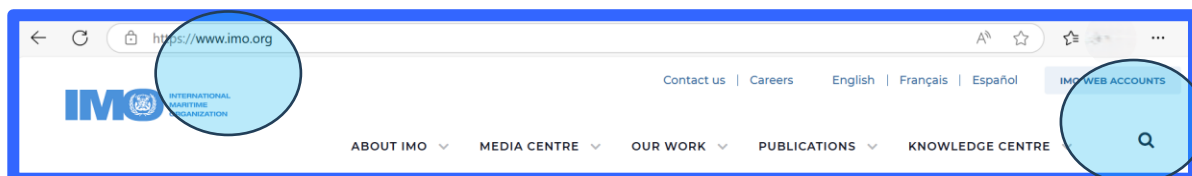

4 From 31 July 2025, Member State IMO Web Account users will be able to access both tools via the TC Portal. A step-by-step guide for accessing this is set out in the annex below. Guidance on the submission of TC Requests and relevant templates, can be found on the tool's landing page. For any queries, please contact: tcportal@imo.org.

ANNEX

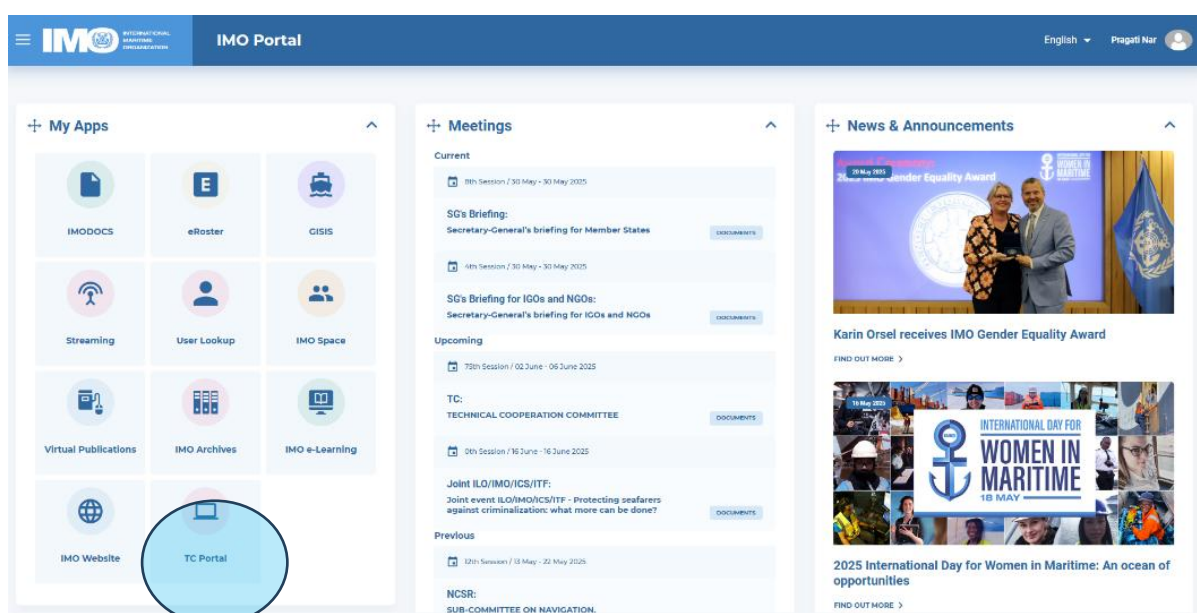

Annex: Access to the Technical Cooperation Portal

TC Portal can be accessed by Member States in the following two steps:

Step 1: Sign in to IMO Web Accounts via the <https://www.imo.org> homepage

Step 2: Click on the new TC Portal App

The above two steps will take Member States to the TC Portal landing page:
